Title: <bodytextred>a bloodstained letter

Author: Jasper De Fargo

Elijah
    I fear for my very
life and my sanity as
well. During moments
when I think clearly I
worry for my friends and
family and this evil that's
upon them unknown.
Beware of the one in
red.   Her hair is gold
and her eyes glow with
an eerie light from
within.   She'll take your
soul if she can as well
as your blood.
Take care of Justine for
me if I do not make it
home whole. She needs a
firm hand as well as love
and understanding.

My sweet dear Lenora.
Stay close to her and
comfort her as I fear
she is taking my being
gone badly.

I must go. Do not try
to help me. It's too
dangerous.
